Mid-Summer Furniture Sale To-morrow we offer some remarkable values in Furniture for the Dining Room. Ever since we inaugurated this event interest has been at a

high pitch. Nearly all who came and saw, bought—and liberally, too.

Of course, others are advertising Furniture at prices as low as we are. It is for that very reason that we call your attention to the fact that if their prices are as low as ours there is something lacking eisewhere—either in the style, quality or workmanship.

It stands to reason others cannot offer you such inducements as we do; they do not buy so largely, because they cannot afford to. We buy more Furniture because we sell more, and we offer you the very best inducements in price, quality and all the essentials,
